EXPERIENCE

- **TELUS International** (January 2018 - Present)
Sr. Software Quality Assurance Analyst
- **Fonatrix Solutions LLP** (September 2016 – January 2018)
Associate Software Engineer

TECHNICAL SKILLS

Language: Java, JavaScript

Tools:

Web: Selenium, Selenium Grid, **Puppeteer**, Cucumber

Mobile: Appium, Genymotion, UIAutomator

API: RestAssured, SOAP UI, Axios, Node SOAP, POSTMAN

Desktop: WinAppium, Sikuli

Cloud integration: AWS EC2, AWS DeviceFarm, SauceLabs, BrowserStack

Unit testing frameworks: TestNG, JUnit, **Jest**

Reporting /Logging tools: Extent Reporting, Zephyr reporting with Jira, Log4J, SL4J

Test management tools: Jira, HP-ALM

Build tools: Maven, NPM

Containerization tools: Docker, Vagrant

Source code management: Git, Bitbucket

CI/CD tools: Jenkins

Database: MySQL

IDE: Eclipse, VS-Code

Server: Apache Tomcat

Experienced in designing scalable Page Object Model, Data Driven Hybrid frameworks from scratch for Web, Mobile and API automation. Have good understanding of Ajax, JQuery, HTML, CSS, and Xpath and can automate both REST and SOAP requests/endpoints.

Have experience of creating docker images and containers. Integrating with github workflow and Jenkins for automated builds using pipelines.

TELUS International

PROJECTS

Charter Communications Inc.

www.spectrum.com

- Description: Charter Communications, Inc. is an American telecommunications and mass media company that offers its services to consumers and businesses under the branding of Spectrum.
- Role: **Strongly involved in designing the automation framework** for the functional testing of this project. Integrated Selenium, TestNG, Maven, **Appium**, **Genymotion** and **Extent Reporting** in the framework with Java.

Dish Network Corporation

www.dish.com

- Description: Dish Network Corporation is a U.S. television provider. It is the owner of the direct-broadcast satellite provider Dish, and the over-the-top IPTV service **Sling TV**.
- Role: Worked on its module called Dish WFM (**Dish Workforce Management**). **Designing the automation framework** and writing test scripts for functional testing of this module on mobile device **Samsung S8 chrome** browser using **Appium**. Used **RestAssured** for API test cases (**REST endpoints mainly**).

TELUS Communications

www.telus.com

- Description: Telus Communications Inc. is a subsidiary of Telus Corporation. It provides a wide range of telecommunications products and services including internet access, voice, entertainment, healthcare, video, and IPTV television.
- Role : Working on project **Kitsune (wireline)** as an automation engineer, designing the various automation framework components according to need , that includes both **API/Web automation using JEST, ES6 JavaScript, Puppeteer, Axios** for both REST/SOAP requests.
Creating docker images and integrating with git workflow to run on Jenkins server.

Sling TV

<https://www.sling.com/>

- Description: Sling TV is an American over-the-top internet television service operated by Sling TV LLC, a wholly owned subsidiary of Dish Network.
- Role: Worked on automating android application for the Sling TV. Used **Appium**, **Cucumber**, Selenium and Java8 with proper use of **Java 8 streams and TestNG** as unit testing framework. Implemented POM model framework for this application.

Fonatrix Solutions LLP

PROJECTS:

Priceline (Now Booking Holdings Inc.)

www.priceline.com

- Description: The Company facilitates the provision of travel services from its suppliers to its clients. Priceline.com is wholly owned by [Booking Holdings](#), which also owns **Kayak.com**, **Agoda.com**, **Booking.com** and other sites.
- Role: Have written automation test scripts using **Selenium**, **TestNG** and **Java 8 streams** for its flights and hotel modules. All scripts are then uploaded to **AWS EC2** instances for regression. The regression was done for **Safari**, **Chrome**, **Firefox**, **Internet Explorer**, **Apple iPad Air** and **Google Nexus** devices. We have used **AWS DeviceFarm**, **BrowserStack**, **Sauce Labs** and **Appium** for mobile platforms and different versions of browsers.

WebomateS (PaaS)

www.webomates.com

- Description: WebomateS provides complete software test regression for User Interfaces and API on multiple combinations of Web / **Browser** / **Native** / **a Mobile environment in a 24 hour period**. It is generally **Regression as a Service**.
- Role: Strongly involved in both developing and automating this product. Have created **REST APIs** using SpringBoot and involved in **designing the automation framework** for this product.
Performed API Testing and Database Testing for this product.

LifeCare

www.lifecare.com

- Description: Performed quality automation regression for www.lifecare.com.
- Role: Involved in designing the automation framework using **Selenium**, **TestNG** and other tools. Have written selenium scripts using java for **Mac and Windows platforms**.
Designed framework for **test video recording**, **screenshot generation** and excel reports.

STRENGTHS

- Excellent Debugging Skills

PERSONAL INFORMATION

Date of Birth : 25/08/1994
Gender : Male
Marital Status : Unmarried
